

Draw a rectangle ABCD.

Draw a circle of center O.
Draw diameter BC.
Place a point A on the circle.
Join the segments BA and CA.

Draw a rectangle triangle ABC.

Draw a rectangle ABCD.
Place a point O outside the rectangle.
Join point A, O and B with a ruler.

Draw a circle of center O and diameter AB.

Draw a square ABCD.
Place a point O inside the square.
Join A, O and B with a ruler.

Draw a circle and a ray of this circle.
The center is O.

Draw a circle of center O.
Place two points B and C on the circle.
Draw the rays OB and OC.

Draw a square ABCD and the diagonals.

Draw a triangle ABC where $AB = AC$.

Draw a rectangle ABCD and the diagonals.

Draw two perpendicular segments AB and CD. Join the points A, B, C and D.
